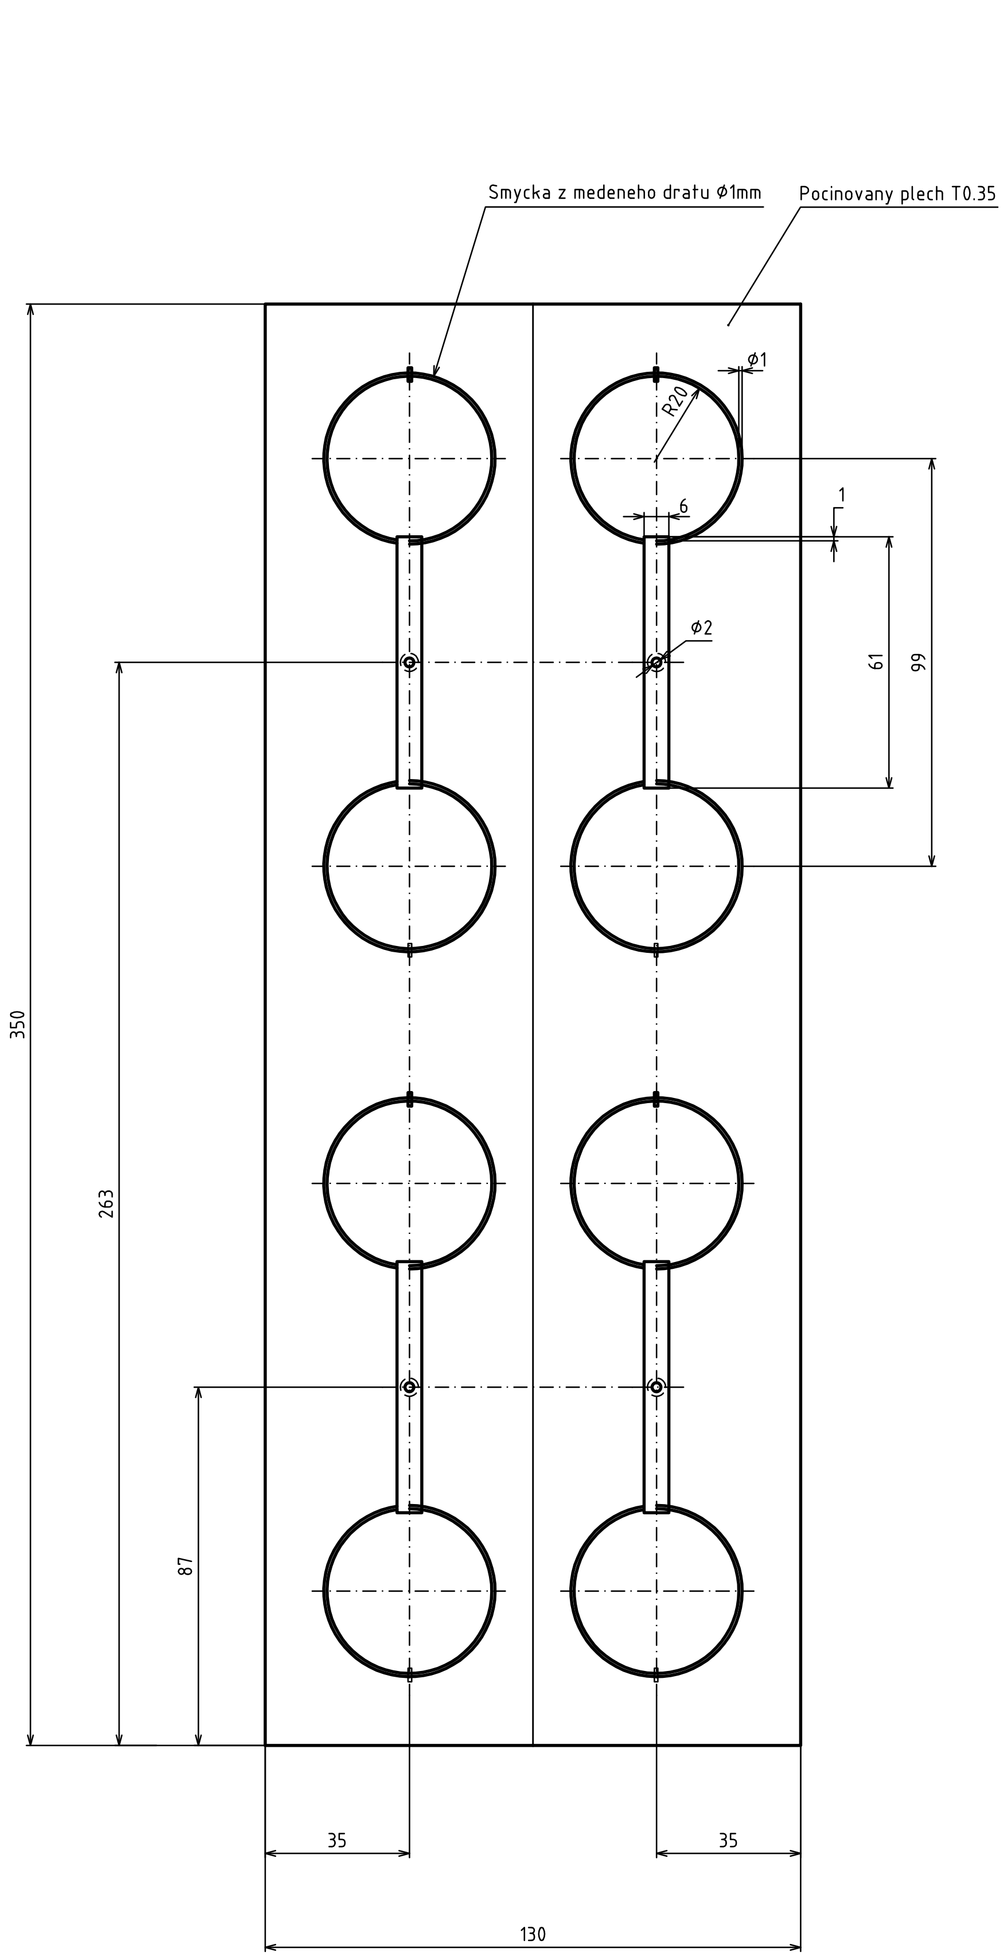
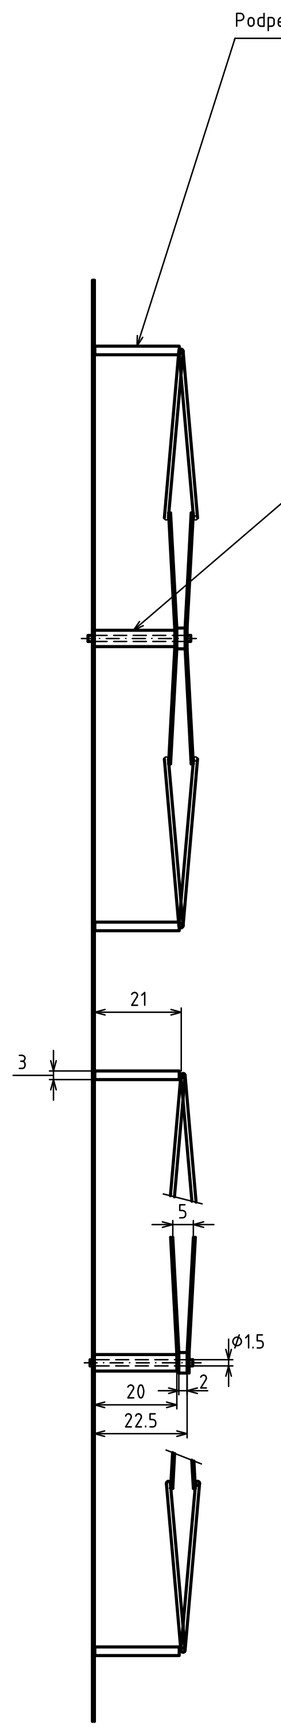
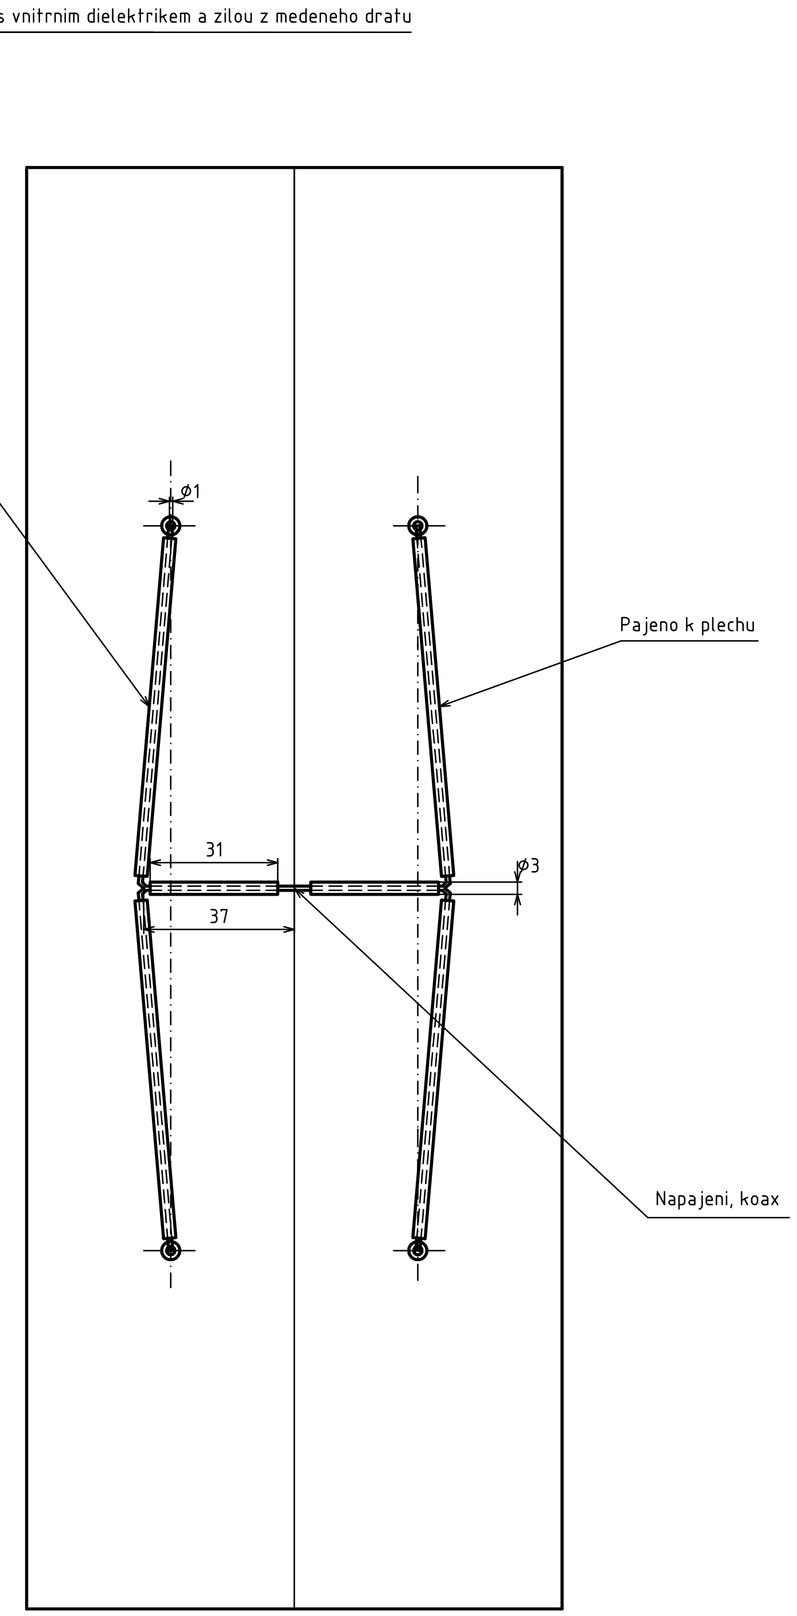
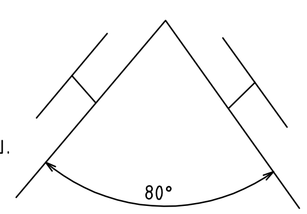
Poznamky:









Vnitrni uhel sevreni je 80 stupnu.

12dB 180st WIFI ANTENA

Tento vykres zobrazuje obe casti anteny zobrazene v jedne rovine.

Poznamka: Je to jenom nacrt, je nutne mit i fotodokumentaci.. Pak si udelate predstavu okamzite. Antena neni slozita a urcite by sla jeste vice zjednodusit, napriklad pouzit misto plechu obycejny kuprexit, misto mosaznych trubicek kousky koaxu...atd. Vasi fantazii se meze nekladou. Good luck by Walda.
